

Patient Reference Group

We want to hear from you!

We are setting up a Patient Reference Group. The aim of setting up the group is to hear patients' views on various issues affecting the surgery.

If you would be interested in joining such a group then we'd be delighted to hear from you.

We're very keen to ensure we recruit from a good cross section of our patient community, consequently our application form will ask for some personal details from you. Please don't worry though as details are kept completely confidential & are used only for the purposes of setting up our group.

Please ask for a form at Reception. If you require any assistance in completing the form please just ask - we're very happy to help.-

Patient Reference Group Application

Name:

Address:

Post Code:

Are you Male () or Female ()

Age:

Occupation:

Day time telephone number (if different to home number):
